**Academic Assistance and Hands-on Activities during breaks!**

Academic Aides help our members log on, communicate with their teachers, keep up with their schedules, finish their assignments, and encouraged them as they spend their school day in front of a screen. During breaks, staff members conduct games and activities to keep kids moving and energized. After the school day, youth partake in fun, enriching activities including social emotional learning programs to help kids navigate the changes associated with the current pandemic.

## WORDS FROM THE CLASSROOM

*"When students complete their work and/or zoom lessons, I encourage them to stretch, take a walk around the building, or pass the football to release some energy. The students like the ability to roam and have their personal freedom, even when space is limited. I believe it gives them the opportunity to take responsibility for their mood and take control of their day."* -Academic Aide, Mays Clubhouse

*"I am so glad I am at the Club with my friends. My staff, Brian, is the best part. He makes me feel so much better about my school being online."* -4th Grader, Mays Clubhouse

*"I was facing leaving my young kids home alone. I can't imagine what I would do without the clubs right now."* -Parent, Eastside Clubhouse
