

## **Summary of Grant Awards 2020-2023**

The City of San Antonio has enacted various grant programs to support small businesses in our community since the onset of the COVID-19 pandemic in 2020.

- The Micro Business and Nonprofit Grant program provided over \$29.5 million in grants to micro businesses (less than 20 employees) and nonprofit organizations between August and December of 2020.
- An additional grant program was funded through Midtown and Houston Street TIRZ during this time frame, providing an additional \$420,000 in relief to small businesses impacted by construction in the Broadway corridor.
- Financial assistance in the form of loan payment forgiveness was also provided to small businesses with zero interest loans at LiftFund. This amount totaled over \$260,000.
- In early 2021, the Hospitality Grant program awarded over \$13 million to businesses in this industry particularly hard hit by the pandemic.
- In 2022, over \$15 million was allocated for the COVID Impact Grants program with a supplement available for businesses located with a major project.
- As of June 7, 2023, the COVID Construction Recovery Grant Program awarded over \$2.4 million to businesses located in commercial corridors with major, ongoing construction projects. A list of grant recipients from these various programs is below.

**Summary of Grant Awards 2020 - 2023**
