OBJECTIVES

- ▶ **Collaborate** with HTT to prioritize public health as we develop guidance to protect employees, consumers, and visitors.
- ▶ Apply a **social equity lens** to all guidance and recommendations.
- ▶ Consider and include the **diverse industry** set and their unique needs.
- ▶ **Supplement** the Governor's guidance by evaluating best practices and levels of risk by industry.
- ▶ Maintain **flexibility** and ability to pivot as environment changes.

TIMELINE

COMMITMENT TO SOCIAL EQUITY

No person should have to choose between physical safety and economic health.

- ▶ The HTT and ETT are committed to bringing forth challenges faced by our marginalized populations and recommending short- and long-term solutions.
- ▶ The HTT and ETT believe that the health of residents will also be improved by providing increased support for small minority and women-owned businesses, who are the heart of much of our economy.
- ▶ Our recommendations for solutions included looking at small business resources: immediate needs and long-term planning.

DELIVERABLES

- ✓ **Develop a local **playbook**:** additional guidance and safe reopening recommendations over and beyond the minimum standards outlined in Governor Abbott's "Open Texas" plan, including checklists for companies in key industries in San Antonio and Bexar County.
- ✓ **Create a **marketing & PR plan**:** recommendations for a community-wide marketing and communication campaign to ensure consumer and visitor confidence.
- ✓ **Identify & facilitate **access to business resources**:** in response to small business need, we will develop a set of guidelines to help businesses ensure the safety of their employees and customers, in response to COVID-19.

GREATER SA PLAYBOOK FOR LOCAL BUSINESSES

STATE OF TEXAS MINIMUM STANDARD HEALTH PROTOCOLS

ADDITIONAL LOCAL RESOURCES & RECOMMENDATIONS

GREATER SA PLAYBOOK FOR LOCAL BUSINESSES

- ▶ Greater SA Playbook guidance intends to expand on the minimum standards outlined in Governor Abbott's "Open Texas" report and localize for businesses in the San Antonio region.
- ▶ It includes a checklist for companies within key industries in San Antonio and Bexar County to open safely according to the state's mandates and also local health and business expert recommendations.

✓ CHECKLIST FOR MASS GATHERINGS

ADDITIONAL LOCAL RESOURCES & RECOMMENDATIONS

- ☐ Wash or disinfect hands upon entering a business and after any interaction with employees, other customers, or items in the business.
- ☐ Clean high-contact surfaces more than twice daily.
- ☐ Consistent with the actions taken by many individuals across the state, wear cloth face coverings (over the nose and mouth) when entering a business, or when within 6 feet of another person who is not a member of the individual's household. If available, individuals should consider wearing non-medical grade face masks.

Health protocols for serving your customers:

- ☐ Create an emergency plan for mass gatherings and large community events to help protect you and the health of your event, participants and the local community.
- ☐ There are a number of factors to consider when determining the need to postpone or cancel a large gathering. These include:
 - The overall number of attendees, which includes venues equal to the size of movie theaters and is used for gatherings and events, in addition to larger gatherings (for example, more than 50 people) offer more opportunities for person-to-person contact and therefore pose greater risk of COVID-19 transmission.

SMALL BUSINESS RESOURCES

Recommendations:

- ▶ **Short-term Support:** Recommendations for best practices that business can use to plan their reopening strategies.
 - Access for financial relief, loans and guidance
 - Develop Buy Local support programs
 - Safety training for preventing COVID-19 spread (English and Spanish)
 - Financial literacy in English and Spanish
 - Access to healthcare, COVID-19 Testing and Safety Equipment & Supplies

- ▶ **Sustained Action:** The ETT also recommends that SAEDF work with City and County leaders to develop a sustained, centralized body or “**task force**” specific to addressing small local business needs for future disaster and pandemic preparedness and equity concerns by improving small business growth.

RESOURCE ACCESS / RECOMMENDATIONS

Success of restart will depend on employee health and consumer confidence.

Recommendation:

- ▶ City & County collaborate and develop access for small businesses owners who lack buying power to access globally scarce supplies that are critical for businesses to reopen and operate in compliance with the relevant Governor's Executive Orders and related local directives.

Who:

- ▶ City & County identify short-term reliable sources for business with less than 25 employees.

How:

- ▶ Streamline process for distribution and source for procurement channels until normal business supply chains stabilize.

What:

- ▶ Compliance Critical Items: No-touch thermometers; face covering; hand sanitizer.
